English and hotel...

What can we say about the English classes and the hotel...here we have a little opinion from group 6 telling us about it...

The English classes are very good because you learn more English as you can in the school, there are four hours of english for day and in english classes you can play, study grammar, watch english film and the guys are doing newspaper and video project with their studies. The children of the group 6 at group 9 do the farewell party and it is very funny.

We have lots of English classes in this summer camp. In a day we have two classes of two hours. Two hours in the morning and two in the afternoon. On Sunday and on Saturday we haven't any classes. There are four rooms in the camp. Some classes are boring because we do lots of photocopies but other classes are fun.

The name of the hotel is Reino Nevado. There are seven floors. The fifth floor is the low floor. There are a reception, a living room, a dining room and a game room. In the other floors bedrooms and also there are classrooms in the third floor. Outside the hotel there is the Red Square, in Red Square there are swimball and two table-tennis. Next to the Red Square there is Upper Square, in upper square there are a football pitch. Into the garage there are a tatami. The temperature it's hot at morning and warm at night.

Activities and monitors

What to say about the sport activities and our monitors! Here is a little opinion from group 8.

There are lots of activities in CL, most of them are really fun, but other ones are boring.

We love activities like table tennis, going to the pub, night parties, karate, sport activities, etc. But also, we don't like some others at all, for example C.A.R, costume workshop, mask workshop or C.A.R's swimming pool.

A big part of the merit for having us enjoying here is of the monitors.

© The boss of the sports monitors is Bustos, he's really nice and funny, he is the baldy monitor of the camp.

© In CL we have the best karate teacher we could have, David Rios, he's very funny too and has been Spain's champion lots of times.

© Alvaro is a good sports monitor, but he's our best DJ too.

© We have the best and prettiest nutritionist in the world, Jessica, of course.

© Here, there also is one of the most active and pretty sports monitors, Vicky.

© And there are, of course, other people like Marta, who's not only sport monitor, nutritionist or English teacher, but she is really nice and pretty too and she can help us whenever we need something.

© What would we do without our KitKats, crisps, cakes and Aquarius? We couldn't have them without Mari's bar. We also need her calls for going to the dining room.

© If you have any problem or sore, you should go to Carmina's room, an excellent and nice medic who does everything she can for helping you.

© All of this is perfectly managed and organized by Carlos the director of the camp, the who everybody is scared of, but he's a good person too.

© But the main part of the camp, are the English classes and we have the best teachers, specially Tony, the monitor of group 8, our monitor, the best in the world, the nicest one, don't forgetting Aurora, the boss of English monitors.

© The white party is fun because you can play a lot of games. In this party the official clothes are white but Angel wore black clothes.

© Fancy dress is the best party because it is very funny everybody goes with their costumes, girls, boys, fat, ugly, beautiful, pretty...

© Our class is the best of the world because we have the best teacher, he's very funny and kind, with he every day is a party. But we also do grammar, we learn a lot of English; although grammar is one of the most boring things in the world, Tony make it easier and funnier.

Group 8 Luis, Miguel Angel, Angel and Justo

International news

The oldest group of the camp, group 9, gives us a short summary of the main events that happened in the camp during this first week of the camp.

The next Olympic games will be in London, England. The favourite country is U.S.A. We think some prediction, for example: Football – maybe Spain will be the winner, but Brazil has got a good team. Running 100m – maybe Usian Ball will be the fast runner of the world. Basketball – U.S.A. has got a good team but Spain is strong. Swimming – U.S.A. is the favourite country.

International – In summer camp a lot of boy of the group 9 are blessing. It's a 'paranormal activity'. We very afraid with this and we need help.

Other paranormal activity, boys are getting up very late and they are late to breakfast and class. They need sleeping more unless they will kill.

In C.A.R., incredibly Paddy isn't available to score into the goal. Paddy shoot a lot but he doesn't score. He isn't a bad player but he is better in Rugby.

Group 9 Ennis and Fernando

The sport in our lives

A series of comments about the physical activities in the Summer Camp: the formula 1, the football and some night time activities.

Formular 1: Fernando Alonso is going to win the world championship. He will be in Ferrari next competetion. Behind Alonso there are two good drivers: S. Vettel and L. Hamilton.

Football: The Spain selection won for the second time consecutive the Europe Cup. The goalkeeper of Spain was Jaime Rufino, the best goalkeeper of the world, he plays in the team of his school. His team won this year the Champions League. Sir Manuel Macias is the manager of the Spain selection and is millionaire, he lives in Villarenca in a mansion with a enormous football stadium, with 45, 000, 000 people can enter to the stadium.

Extreme Sports – Flamenco: The worst dancer of Flamenco is Mrs Fernanda because when she must dance she prefer eat food. But today Fernanda is in prison for all of her life, because for her fault the McDonalds's company was in bankrupt because all its cows was eaten by Fernanda.

Group 9 Manuel and Jaime

What about our free time and more...

This is probably the only moment when the children can finally get away from the monitors...

In free time the girls and boys of all age play table tennis and table football. The table tennis is a good game with two or for people. The table is divided in two parts separated by a small net. Each part is separated in the middle of part for one white line. Is a very good game and the people and play with both. The table football is funny game for girls and for boys, usually the people play with two teams as two people in each team. The players wear red and white shirts and the goalkeepers wear a yellow or blue shirts. The teams play until five goals. The first team to score five goals wins.

The table tennis competition was very difficult, but in the final match opposite our friends Fran and Miguel Angel. This match was very very difficult. But only can have one winner and wasFran! The scoreboard was 21-10.

The last 2nd Monday the group 8 celebrate a competition of table football in the famous corner of the table football. The competition was entertaining and more close than table tennis competition. In the final match the team was the twins: Javi and

Juan and the friends: Fran and Luis. The match was very interesting but the winners were Fran and Luis 5-1.

Parties!!!! One of the favourite moments of group 9

Sport and English during the day but dancing and parties at night! This is what really moves group 9!

Some day ago we had a party in the living-room of the hotel after dinner. It was a 'Bicenca' party. There, we heard lots of different kinds of music, for example: Flamenco, pop, rock... the music was organised for DJ Alvaro, a instructor of the camp.

Two days ago, we had dance lessons with Vicky in the 'Tatami'. There we danced and heard different kinds of music: African music, capoeira, salsa, hip-hop, funky music, etc. We learnd dance all this music too. It was a very funny class.

Yesterday, we went to the 'Mango Pub', near here, and we were there for two or three hours. We heard funny songs like: La Macarena, El Cuadrado, etc. There instructor were drinking and playing darts. We dance all the time and we were drinking a cola too. The DJ was very funny and we had a good time. In the last, we chose a song, call: 'Paradise' of Coldplay. We will dance the last day of the camp.

Group 9 Sergio and Francisco.

A wee bird said that some girls think Paddy is so sexy and hot. Uhhh!!!

There is a rumour that Tom can win Paddy, Tony and Roop while he's eating an apple.

Somebody said that David is an Umpalumpa.

We know what means the tattoo of Tom, it mean the emails of his friends.

We are so tired and Tom don't let us sleep!! Tom we want sleep, please!!! =(

Football match Spain versus Italy

Exciting moment! Everybody in the living room watching how Spain beat Italy.

The match of Spain versus Italy was the first day of the July and the first day of the summer camp of CL in Sierra Nevada. Spain was the winner because the score was 4-0 to Spain. The match was very exciting and very interesting because the goals were very good. Silva was the first to score a header, the second goalkeeper was Jordi Alba because he is very fast. The third goalkeeper was Fernando Torres and the last goalkeeper was Mata and Spain had the prize because it was the winner. Group 6 Ernesto, Jose Fransisco, Miguel, Pablo

Group 6 commenting on the night time activities.

Hello, we are going to talk about the parties of the camp because we think that they are very great and fun. On the first day, we had football match, it was very exciting. We won! Yeah! We also had the welcome party was a great opportunity to meet each other. On the second day we had the Ibiza party we all had to wear white clothes. We had the gymkhana on the third day it was fun! On the fourth day we call our family. I love my family. On the fifth day yesterday we went to the pub music!

We had the welcome party on the first day of the camp, so we could meet the other children of the camp.

We stayed all night dancing and singing. The welcome party was a great opportunity to get to know the other groups. The DJ was Alvaro a very good monitor. It was a great party.

We groups 6 to 9 had the Ibiza party on the second day, but groups 1 to 5 had the Ibiza party on the third day. We had to wear white clothes. We did a lot of games like: a show of dance, we did the limbo, danced with a ball on the head in pairs, also we had to blow a balloon, which were of different colours, and when the monitor was saying one colour we had to touch the person who had that colour and when we finished all the games we started to dance and sing. And the monitors gave some prizes for the best dancers of each group. That is what we did in the Ibiza party. We enjoyed a lot!

Yesterday on Thursday 5th July, we danced and sang a lot and the monitors were taking a lot of photos, the DJ of the pub distributed hats and funny glasses. The pub costed two euros and the ticket included a drink. We stayed in the pub until one o'clock in the morning. The pub is in the village and in the night we wore a sweater because it is very cold at night; it was a lot of fun!

English activities...

Teachers ! May I go to the bathroom? Teachers! How do we say....in English?

In the CL summer camp in the Sierra Nevada, English is one of the most important things, even the most important. The English class here is so different than the school classes. We have four hours a day, but the classes are very different. Tom Baugh is our monitor. His classes are very interesting. We do a lot of things: Practise grammar, speaking, games, movies, projects... Out of the class we speak English too. That's good, because we practise speaking all day. We make mistakes but Tom is the best and he helps us to improve our English. Tom loves grammar, but he teaches grammar in a funny and good way.

Group 9 Guillermo and Jero.

The English class, it's very funny because we learn English and too we play, watch a film and sing songs. Every day the monitor gives us a handout of activities. Some day we change the classroom. Film Review: A Series of Unfortunate Events

Enjoying a good film while learning English at the same time, this seems to be a good combination for both teachers and students.

This story is about 3 children which get orphaned because of a fire on their house. Their parents die in the fire, but they are just travelling around the world. There are many characters: Violet is the oldest of the three brothers, she's an inventor and she's 14 years old. Klaus is the middle one, he reads a lot of books and he remembers everything he read. Sunny is a baby, she likes biting things. Mr Poe is a banker, and he tries to find a house for the children. Count Olaf is the villain of the film. He wants to kill the children and get all the money. Aunt Josephine is the 3rd guardian, but Count Olaf always tries to kill the children. Mr Mont-

gomery is another guardian, he's an explorer and he loves snakes. Count Olaf kills him. The story goes in many places. Baudelaire's mansion: It's big and clean, but Count Olaf burns it. Count Olaf's house is so bad. It's so dirty and everything is broken. Mr Montgomery's house is like the Baudelaire's one, but he has got a lot of snakes. The film is so good, but it's a little bit sad. Count Olaf is crazy, but the children are quite clever. It's a good film.

Toy Story 3

Cartoons are always good to watch...

The film starts in Andy's house. The toys make a plan for Andy pays attention to them, but he doesn't mind. Andy's mom says to Andy that he has to choose what toys he's going to donate, take to college or throw away. Andy chooses Woody to take to the college, and

he puts the other toys in a bag to leave them in the attic, but Andy's mom thinks that the bag is rubbish and she put it next to the bin. The toys think that Andy doesn't love them, and they escape from the bag and decide to go to the nursery. Woody tries to explain that Andy's mom made a mistake but the toys don't believe him. During the conversation, Andy's mom takes the car and carries all the toys to Sunnyside. First it's a very beautiful and cool place, but when Woody manages to escape, Sunnyside changes into a sad and horrible place. When Woody knows that his friends are in a bad place, he returns to Sunnyside and makes a plan to go out, but when they are outside the nursery Lotso catches them, and he and all the toys, except Barbie, fall into a bin lorry that takes them to the landfill. They almost die in the incinerator, but the aliens save them. A man takes Lotso and puts him in his lorry. At the end, the toys return to Andy's house, and he gives them all to Bonnie, a little girl who is his neighbor.
