You should do at least 2 of the 3 seminars. In each session, you'll have a look at a different paper of the exam. The teacher will give you tips to focus on the important items of each part. Please, remember to register for each session in the timetable that best suits you by sending an email to Ángeles: [cambridge@clgranada.com](mailto:cambridge@clgranada.com) and remember there are a limited number of places. Our advice is to come to the same days for the three different sessions, so you'll remember better the timetable.
