

# SIERRA NEVADA SUMMER CAMP NEWSPAPER 2014-B!!

## Everyday life

Everyday we wake up at half past eight with music and then we have thirty minutes for get dressed and tidy our room. At nine o'clock we have breakfast with our group in the dinning room. For breakfast each person can choose what food to eat and what drink such as (orange juice, pineapple juice, milk..) At ten o'clock we have our English lessons with our teacher, the classes are very funny because we can play many games and we also watch films. English lessons finish at twelve and at this time we have many different activities like swimming, climbing, playing tennis in the CAR etc...when we finish these trips we have lunch and at the end we have many desserts too like watermelon, yogur, pineapple...then we can watch television in the living room or stay in our rooms for one hour. From four until six we have more English lessons and after that we can do other activities like dancing class, one lesson of how to save someone's life or nutrition lessons of how to have a healthy life. It ends at eight and then we can have a shower and prepare us for dinner. After dinner we sometimes have parties, gymkanas or pub. We normally go to bed at twelve o'clock. We hope you liked our schedule!

### PARTIES!!!

In all the camp we did 3 parties: the welcome party, Ibiza party and the Pub. The welcome party was on Monday. We had got embarrassed. First, no one was dancing but at the final everyone was dancing. We did games like dance with a tennis ball in the forehead. Then, we played a game with balloons. Finally, we did a competition of different types of dances. The Ibiza party was on Tuesday everyone wore white clothes except Darío. First, we danced limbo in couple. It was very funny and we danced a lot. The pub was on Thursday. We went to Mango a pub near the camp. We had fun. We had to pay 3 euros to enter. There they gave to us a drink. We danced a lot all night. There was a lot of lights. The music was too hard and that was a very good night. Are going to be 3 more parties.

Like every year, the 13 of July started the second fortnight of the CL Camp, but this year three new persons with a bright future will come and discover their talent.

This triplets were Jonathan, Bustos and Carlos; they were really good friends and have each other for the good and bad moments.

While the days passed they discovered the talent that they had by being visited by yisus crist. From that day they shared this faith through a music form.

The concerts and the tours all over the world passed but they weren't the same, Carlos become a hipster and always wore his scarf and his flip flops.

# SPORTS

## Sport Redaction

Like usually in all camps, the football is the most successful sport. But in the first half of CL camp, the basket was played for a lot of kids because of there is a basket in the red square. Day by day I can see with my own eyes how kids from group 1 to group 7 was playing basketball. But the disappointment comes when the groups 4 to 7 went to CAR for the first time. Around 40 kids chose football while only 10 chose basket. Other kids chose volley or sport. Maybe the basketball is so popular during the time hat the groups have free time because of there aren't so much sports for choose or maybe because there is the 2<sup>nd</sup> favourite sport. Of course I cant see how much kids choose basketball or football in groups 1 to 3. I hope the number of basketball player ingroup 1 to 3 were bigger than group 4 to 7 but the only clear is that the most successful sport in CL camp is football like all camps over the world.

## The Weather Focus

Today we will talk about the weather we had the past quincena and the last few days. Finally we will talk about the following week. The last quincena our partners had some cold temperatures of about 8-7 degrees in the morning. We have to say that these temperatures were one of the coldest in many years however they didn't have any rain, just some clouds. In our first week we had some high temperatures because of heat wave that Spain had. But tomorrow the temperatures will go down so today it will be 25degrees to 15degrees. Next week we will have sun every day and about 22-23 degrees during the day and 15-10 degrees during the night, but we may have a small storm of 30 to 20 minutes like what we had yesterday.
