

# A delicious day of Christmas

Darkness, cold, gifts, expected encounters, plenty of food full of fat and chocolate to appease the soul.

Everyone has mixed feelings for Christmas, especially Juana. That this time she decided to eat Christmas.

As a starter she chose the monotonous carols of the shops and sprinkles them of colored lights. The main course she ate the millions of red and gold ornaments that people put in their homes, and for dessert she tasted the giant star that every year is at the top of the plastic pine that adorns the town square.

When she was finished, she was satisfied, with a smile on her face and a huge belly...

Ho, Ho, Ho!
