

KEY READING PART 2

Read the three texts and then choose the correct answer A, B or C to the seven questions which follow.

Three young chefs tell us about their experience of cookery competitions

Julia, age 14

I've always been keen on cooking. I was persuaded to take part in the competition by my mum as I always make delicious cakes and biscuits at home. I was so nervous when the competition started because one of the famous TV chefs was going to be one of the judges. I really didn't want to make any mistakes. But afterwards I felt really happy and who knows? I might do it again next year!

Henry, age 12

I started cooking easy things at home when I was just seven years old, like pizza or pasta. I always watch MasterChef and similar cookery programs on TV and my dream is to see one of the chefs in person one day. I've entered a lot of competitions and I don't get nervous anymore. I've even won some prizes but I'm still not very good at making desserts.

Marco, age 14

I went to cookery classes with my grandma because she always told me it would be a useful skill to have in the future. We entered a competition together where we had to prepare a three-course meal for 20 people I've never been so scared in my life!! We were so pleased when we won first prize- a visit to the TV show studios next month! But I don't think I'll do another competition -I prefer just cooking at home.
